

**The Sweet Taste of Success.**

Supplements can only provide predictable performance if they are consumed consistently. Sweetlix delivers balanced levels of nutrients in regular daily doses and utilizes high quality ingredients for increased palatability and optimum animal performance. Unlike some blocks, Sweetlix pressed blocks are highly palatable as well as weather-resistant.

**SWEETLIX® PRODUCT LINE UP:**

**H.E.P. 25% PROTEIN** *A high quality free-choice supplement block for **beef cattle**. This soybean meal based block is highly palatable and will draw grazing cattle, allowing 24 hour access to protein. It is the ideal size for supplementing small herds and compliments hand-feeding systems well.*

**3-IN-1** *A multi-purpose, free-choice, highly palatable vitamin and mineral supplement block for **beef cattle** and/or **horses**. This block is superior to trace mineral salt blocks and can be placed directly in pasture.*

**10% PHOS MINERAL/VITAMIN** *A supplement mineral for **beef cattle** and **dairy heifers**.*

**EQUINE PASTURE & HAY BALANCER**

*This convenient free-choice supplement block for **horses** and a mineral, vitamin and protein supplement in one. Ideal for supplementing hay and limited pastures, it delivers 20% protein from all natural sources. This is a weather-resistant block and can be placed directly in pastures or paddocks with horses - no shelter needed.*

**ALL-IN-ONE** *This convenient highly palatable free-choice protein supplement block for **sheep** and **goats** is a mineral, vitamin and protein supplement in one. This block is specifically designed to supplement small ruminants consuming low quality forages and allows for optimum growth and reproduction. Safe for cattle, goats and sheep. Ideal in situations where copper is a concern when species are co-mingling.*

**RACK™ DEER BLOCK** *Formulated to provide essential supplemental nutrients and minerals needed by **deer**.*

**DEER OPTION**

**CORN-LIX DEER BLOCK** *Formulated to supplement natural vegetation by providing essential minerals and energy necessary for maximum growth, bone and antler development and reproduction in **deer**.*

**GAME BIRD & FOWL BLOCK** *Designed especially for the needs of your home **flock**. Made with wholesome grains, minerals and vitamins critical for growth and egg production, Sweetlix works in conjunction with most rations.*

# RACK™ DEER BLOCK

FOR DEER/ELK RANCHERS,  
LANDOWNERS &  
BACKYARD FEEDERS

DEER BLOCK

Sweetlix® Rack™ Deer Block provides essential protein, minerals and energy necessary for antler development, growth and reproduction. Rack Deer Block is ideal for maintaining key herds in the peak nutritional state necessary for trophy deer.

### FEEDING DIRECTIONS:

Sweetlix Rack Deer Blocks should be offered year-round. They are formulated to provide essential supplemental nutrients and minerals needed by deer. Deer blocks may be buried and covered with loose soil. Deer will find the blocks and come to them as they would a natural salt lick. If blocks are to be fed in areas where domestic livestock are pastured, place the blocks in rough terrain areas where cattle do not normally graze.

Deer watering areas are ideal locations to place blocks. Do not feed additional salt when using the Rack Deer Block

For additional information, please contact your Masterfeeds Account Manager.

### FEATURES & BENEFITS:

**Highly palatable.** Naturally attracts deer.

**Bio-degradable box.** Easy to handle and store.

**Supplies energy and minerals.** Result in bigger, healthier deer.

**Extra energy.** Beneficial to antler growth.

### NOTE:

The use of this deer product is intended for wildlife conservation practices only.

---

***This feed contains added Selenium at 2.5 mg/kg.***
